

Dear Mr. Trump, Canada Deserves More Respect..., Tom Panzone

APRIL 22, 2018

Dear Mr. Trump, Canada Deserves More Respect is an explosive 80-page open letter to Mr. Trump and his supporters on both sides of the border. Its purpose is to demonstrate how Canada earned the respect and admiration of people around the world, except from the USA. Starts with Canada's victory over the USA in the War of 1812 and burned down the White House. Demonstrates how Canada has been a team player before, during and after all the American-led wars in the last 200 years. Shows how trade with Canada is eagerly sought by countries on all continents. Because this is a smart eBook, it educates about our respective countries with the clever use of hyperlinks, videos, and online articles. Great teaching tool, will make you an instant expert on Canada.

Dear Mr. Trump, Canada Deserves More Respect is a book that is so much more than its explosive title and premise, in fact, it is an educational, informative and eye-opening book that not only informed me about America but rather Canada and their rich and detailed history. The book is sensational, and despite its dramatic moments that at times are shocking, it is still brilliant and had me turning the pages with haste from beginning to end!

Dear Mr. Trump is written by the talented author Tom Panzone. Panzone has written an 'explosive 80-page open letter to Mr. Trump and his supporters'. The letter contains shocking material but also insightful knowledge that will inform readers of the divide between America and Canada. Panzone describes in his book that Canada has a plentiful amount of history and he does this by taking his readers back to 1812, the year Canada had a victory over the USA. I did not know about many of the informative facts laced throughout the book, so my inner history buff was very happy indeed!

Readers that love history and love opinionated, dramatic and informative books will adore Dear Mr. Trump because this is one of the best books of the genre. The author Tom Panzone not only has many valid points, but he also has wonderfully written his book. The literature courtesy of Panzone is delightful, and it reads smoothly from beginning to end thanks to the fluidity of the text. As I read Dear Mr. Trump, I found myself turning the pages even faster because the writing was so glorious!

As Dear Mr. Trump is an incredible, unforgettable and definitely memorable book that will inspire many thoughts and feelings in its readers and challenge their thoughts, views, and opinions, I, of course, have to award the sensational book five stars! If you are a reader who is looking to read a political book that has refreshing viewpoints and incredible knowledge, then Dear Mr. Trump is for you and should not be missed! Be sure to have a read of Dear Mr. Trump and also check back here next week because I will be writing a spotlight for the author which I am very excited about!
